

Dear Friends and Good Customers,

The one question I was asked constantly during my retirement sale was “Who do you recommend we take our jewelry to now?”

Medlars has had a close working relationship with Shetler Fine Jewelers & Michelle Shetler for over 7 years. We share the same philosophy regarding customer care and satisfaction.

I am very pleased to announce that Shetler Fine Jewelers has purchased all of our shop equipment. **More importantly, my amazing jewelers are transferring to Shetler as well.**

You can be confident that your valuable items will be handled with the same care and expertise you experienced with Medlars. As with Medlars, all work except watch repair and pearl stringing will be done in house.

Shetler Fine Jewelers will also offer the same level of skilled, creative custom design work you have come to expect from Medlars.

The security of your personal jewelry is always a prime concern. Shetler Fine Jewelers has the same Underwriters Laboratory security certification and Jeweler’s Block Insurance as Medlars did.

It is with the great confidence that I recommend Shetler Fine Jewelers as your new jeweler. The store is located at 7373 Broadway, Suite 106, 78209. Their phone number is 210.826.0660; however, our old phone number will also be forwarded to them.

Regards,

Chapman Stout
